

GOMPERS TAKES HOLD.

Will Organize the Strikers in Hazleton District.

MASSMEETING MAY BE STOPPED.

A Conflict Occurs Between Strikers and Working Miners—Calvin Pardee and Organizer Fahey In a Controversy. Debs Not Invited to the Region.

HAZLETON, Pa., Sept. 17.—The American Federation of Labor, with a membership of 500,000, has taken up the cause of the mine workers in this region. Their organizers are already at work here, and when this has been completed a uniform scale will be formulated and presented to the operators. There will be no marching nor anything in the way of a demonstration, and no attempt will be made to bring about sympathetic strike movements.

At the massmeeting fixed for tomorrow night at Old park Peter J. Maguire, vice president of the federation, and the secretary treasurer of the United Brotherhood of Carpenters and Joiners of Philadelphia will make an address. George Chance, also of the Quaker City, a leader of the United Labor League, will also speak. If conditions warrant Samuel Gompers, president of the federation, and Frank Morrison, secretary, will come to Hazleton later. The organization's money will be used in the movement, and \$500 of the fund sent by the carpenters to the general fund at Columbus is ready on demand and will be contributed if found necessary.

Governor Hastings sent a message to General Gobin ordering him to suppress all meetings having a tendency to incite to riot. This will doubtless prevent the proposed labor meeting scheduled for next Saturday night.

Concerning the story that Eugene V. Debs will speak at the Saturday night meeting, the strike leaders say that if he comes, it will not be at their solicitation. No invitation has been extended to him, and they do not believe he will be here.

The work of organization is being done by the sending of emissaries by twos and threes from mine to mine, and every effort is being made to avoid the appearance of a demonstration. Organizer John Fahey of the United Mine Workers has charge of the work, and he will shortly be assisted by new men from the ranks of the federation. Fahey made answer to the expressions of Calvin Pardee, the coal operator, who insinuated that Fahey was working for his own interests, instead of those of the strikers, and declared that were it not for "agitators" the men would be at work. To this Fahey asserts that he was sent for by the miners and has been congratulated by the press for his work this far. He denies the charge made, and challenges Mr. Pardee to furnish proof to their authenticity. He concludes by demanding an apology.

The peace prevailing during the past few days was broken by a conflict between striking and working miners which for a time threatened to be serious. A body of about 150 men and boys, led by a score or more of women, made a raid on the Carson, Star and Monarch collieries at Honey Brook, near Audenreid.

The women, as well as their followers, were armed with clubs and stones and before the 300 workers could be induced to come out the missiles were used. Some of the women stationed themselves on the top of a culm bank and pelted the workmen with stones. One Hungarian was clubbed over the head and badly injured.

The encounter was the direct result of an attempt to start up the Lehigh and Wilkesbarre collieries. Despite the determination to remain out until Superintendent Lawall was heard from regarding the 10 per cent advance demanded, a number of Hungarians and Italians reported for work. As soon as this news reached Bunker Hill and Honey Brook, the attack was made, each colliery being visited in turn. The superintendent called for assistance of Sheriff Scott of Schuylkill county, in which county Honey Brook lies, and that official made a demand on General Gobin for a body of soldiers.

A battalion of the Eighth regiment under Colonel Magee hurriedly marched from their Audenreid camp to the scene of the trouble, but it was over and the men scattered when the soldiers reached there. Colonel Magee received a report of the occurrence and made a demonstration with the idea of subduing the turbulent inclinations of the foreigners. The march proceeded through Honey Brook, Bunker Hill and McAdoo. Here the troops were halted while the officers made a short reconnoiter toward Silver Brook. Nothing of a suspicious character was seen, however, and the troops were marched back to camp. The soldiers had not been out of sight ten minutes before a crowd of strikers pounced upon a squad of Hungarians who were screening coal near the Star washery and forced them to quit work. This second movement resulted in the sending of a squadron of the governor's troop to the disturbed district. They returned with the report that all was quiet.

Honey Brook, being beyond the jurisdiction of Luzerne county, Sheriff Scott made a requisition on Governor Hastings for a body of troops to be stationed there permanently. Another attempt to resume work will be made at these collieries today. Colonel Magee of the Eighth regiment reported the appearance of a blood stained Hungarian rushing pell mell toward the guard line with four men in close pursuit. As soon as the latter saw the white tents of the camp looming up in the darkness they fled and vanished into the night. The injured Hun, whose name is John Timko, ran toward the sentries, crying at the top of his voice: "Me no striker." He fell exhausted at their feet, and was borne within the line. After the sudden alarm had subsided, he was carried to the camp hospital, where it was found that he had been seriously cut about the head and face, and beaten and kicked. The assault, he said, was the outcome of an argument in which he championed the cause of Gomer Jones, one of the Lehigh and Wilkesbarre superintendents. Colonel Magee further said that he had placed a guard of 100 men at the pumping station, which supplies the regiment with water, and has sentinels stationed all along the pipe lines which carry it within. A similar precaution has been observed at Lattimer, where the Thirteenth is quartered. There an order has also been issued forbidding the men from accepting food and drink from outsiders.

A mine official made the statement that some Hungarians had reported to him that they could not account for the location of 28 of their countrymen who were in Friday's parade when it was fired upon by the deputy sheriffs. It is the general opinion that they were frightened, ran away and are still in hiding. Some of their friends incline to the belief that the men were wounded, made their way to the mountain and were lost there. A search of the woods and mountains is being made.

Operator Pardee, in the course of a talk, said the troops would be here for two more weeks to come.

A meeting of the committee to arrange for the prosecution of Sheriff Martin and the deputies was held, but little information was given out. Funds are coming into them from various labor organizations, and it was stated that "the best counsel in the country would be employed."

MINERS WERE HARD PRESSED.

They Could Not Have Continued the Strike Much Longer.

COLUMBUS, Sept. 17.—A circular has been issued by the national executive board of the United Mine Workers setting forth the reasons for the recent settlement of the great strike.

The circular states that the national executive board was induced to agree to a settlement for the following reasons:

"That the markets were being supplied. That the suspension was not growing. That the miners were about exhausted. That the supplies were becoming so limited that pressing want could not be appeased.

"That organized labor could not be reasonably expected to continue indefinitely to fight our battles. That the sufferings of the hungry man, blameless women and innocent children appealed to us not to continue a struggle."

MINERS GETTING ANXIOUS.

West Virginia Miners Fear They Have Been Deserted.

FAIRMONT, W. Va., Sept. 17.—Chris Evans was expected here yesterday to take charge of the operations of the strikers in order to compel the operators to give them work at union prices, but he has not appeared. W. A. Carney claims he will be here sure today, but the operators claim the West Virginia men have been deserted.

In this district hundreds of miners have done the Damon and Pythias act for their Ohio and Pennsylvania brethren and they say that other help must never be expected in future strikes if they are deserted now, that they have lost at least \$80 a month since July 4, and that those who failed to come out at the eloquent appeals of Debs, Ratchford and Rea are that much gainers. Rea's desertion of the men is called "cowardly" by the strikers and nothing but the appearance of Evans will pacify them.

18,000 AT WORK AGAIN.

The Mines in the Pittsburgh District Nearly All Running.

PITTSBURG, Sept. 17.—As a result of the action of the miners' convention, in deciding to ignore the ten days' clause in the agreement accepting the operators' offer of 65 cents, fully 18,000 of the miners in the district are back at work. There will be but few idle diggers in the district by the end of the week.

St. Louis Miners at Work.

ST. LOUIS, Sept. 17.—The coal miners' strike is over, so far as the district supplying the St. Louis market is concerned. Seventeen mines in the Sixth Illinois district resumed work. It is probable that all the small operators in the district will come into line before the end of the week.

Goelet's Body Arrives.

NEWPORT, R. I., Sept. 17.—The steam yacht Mayflower has arrived here from Cowes, Eng., with the body of the late Ogden Goelet on board.

AN ATTACK ON DIAZ.

Attempt to Hit Him as He Marched In a Parade.

THE MAN WAS KNOCKED DOWN.

Mad Populace Rushed After Him, Threatening Violence—Diaz Resumed His March as if Nothing Had Happened. Soldiers Want the Assailant Shot.

CITY OF MEXICO, Sept. 17.—An attack was made on President Diaz as he was proceeding from the palace to the Alameda to distribute medals to the survivors of the wars, by a man who pushed his way through the line of soldiers and struck at him.

President Diaz was walking in the procession, and resumed his march after the incident with remarkable coolness.

Chief of Staff Momasterio hit the man with a cane, who, turning, seized and broke it. General Pradillo then hit him a powerful blow on the neck, felling him. The gendarmes rushed forward and some mounted officers and

PRESIDENT DIAZ.

police seized and pinioned him. He was taken through a side street and led away, the people shouting "give him to us, we will hang him."

But the gendarmes succeeded in keeping their prisoner. The man was taken to the palace and stripped, but no weapon was found. His name is Ignacio Anulfo, who has often been employed in a notary's office as a clerk, and is said by the chief of police to have a record as a man of violent habits, given to drink and quarrelsome.

President Diaz took the matter very calmly and advised that the man be kept in custody and be brought before him to explain his motives. The soldiers want him courtmartialled.

Later 25,000 troops marched past the president, who was surrounded by his cabinet and unmoved by the attempt, and the people hurrahed for Mexico and General Diaz. The president escaped entirely uninjured.

It was the great holiday of the country, the anniversary of the declaration of independence, and the streets were thronged with people. The attack on the president was made just before the great military parade started. The assailant is a middle aged man with long dark hair and a prominent nose. He looks something like an Italian. The attack may be the result of the recent propaganda here against all forms of anarchists. One Jose Ventre, from Spain, has just been expelled from the country and sailed two days ago on the Ward line steamer for New York. Another version is that the man was simply presenting a petition. This is not believed.

The ceremonies of the day were not interfered with and the parade started on time and was reviewed by the president as planned at the national palace.

DISCUSSED FEMALE BONES.

Luetgert's Attorney Belittles the Evidence of an Expert.

CHICAGO, Sept. 17.—The day was given over to expert testimony in the Luetgert trial, and the attorneys for the defense and the witnesses for the state wrangled vigorously regarding the femur of human beings, femur of sheep and of hogs. The defendant came into court upon a pair of crutches. He said that he had a badly sprained ankle, the result of a fall while sparring a friendly bout with one of the guards in the jail.

The principal witness was Prof. Dorsey of the Field Columbian museum, who took the stand for cross-examination. Attorney Vincent, for the defense, made it his business to show the jury that Prof. Dorsey did not know anything about bones anyhow, and that he was densely ignorant on the subject of femurs. Prof. Dorsey fought stoutly to show that he knew what he was talking about when he said that the bone shown him was the bone of a human being, and very probably that of a female.

THE INDIANA LYNCHINGS.

Judge Charged the Grand Jury to Bring the Guilty to Justice.

OSGOOD, Ind., Sept. 17.—Squire Laswell, the acting coroner, has concluded the inquest and rendered a verdict that Gordon and Andrews had come to their

death by hanging and Jenkins, Lev. and Schaller by being clubbed or shot to death. The verdict ended by saying that the slayers of the men were unknown.

Judge Day charged the grand jury when it assembled and after giving the details of the deplorable affair, cautioned the members of the jury to do their whole duty and if possible discover the names of the members of the mob.

A new executive committee consisting of the following was named: J. J. Sullivan, Cleveland; C. P. Hunsticker, Williamsport, and Mr. Denver, Chillicothe.

Banking was discussed in papers and Messrs. J. H. Malone, Akron; Park, Columbus; Rowe, Cincinnati; Spencer, Cleveland; Hard, Wooster, and Knisely, Toledo, were appointed a committee to devise ways and means for the establishment of a state clearing house.

Akron was decided upon as the place for holding the convention of next year.

ALMOST A TORNADO.

A Fierce Storm Swept the Northern Part of the State.

CLEVELAND, Sept. 17.—The storm which swept over Northern Ohio approached a tornado in intensity. At Sandusky roofs were blown off, plate glass windows demolished and numerous trees blown down. A yacht in the harbor was wrecked.

At Defiance considerable damage was done to buildings and crops, and the same report comes from Massillon. At Paulding several buildings on the county fair grounds were wrecked and panic ensued among the people. Thus far no loss of life or serious injury to persons is reported.

FIGHT IN PENITENTIARY.

Two Desperate Prisoners Got Away—A Guard Shot.

COLUMBUS, Sept. 17.—Three penitentiary prisoners appeared in the guardroom, and leveling revolvers at Captain Seebe, attempted to escape. A fight ensued.

Two of the prisoners, Botts and Clark, got away. Lincoln, the third prisoner, was held. Benj. James, sub-guard, was shot twice. Botts is from Lucas and Clark from Cuyahoga county.

THE ATTENDANCE INCREASED.

Brown and Harper Addressed the Silver Campmeeting.

SPRINGFIELD, O., Sept. 17.—The attendance has increased at the campmeeting being held under the auspices of the American Bimetallic League. After the speeches by Hon. A. A. Brown and Judge J. J. Harper the proceedings were interrupted by a storm. Arrangements are being made for many excursions tomorrow and Sunday and also for Monday, in the eve that Mr. Bryan comes on Monday.

Bessemer Pig Advances.

CLEVELAND, Sept. 17.—During the present week there has been an advance of 50 cents a ton in Bessemer pigiron, making the price \$10 a ton. No big sales at that price are recorded, but the market is firm at the new quotation.

John A. Logan's Barn Burned.

YOUNGSTOWN, O., Sept. 17.—Fire has destroyed the large stock barn of John A. Logan, Jr. Eight finely bred horses and many elegant equipages were burned up. Loss estimated at \$75,000.

DEPUTY PROOF AGAINST BULLETS.

Clad in a Coat of Mail He Captures Moonshiners in Kentucky.

JACKSON, Ky., Sept. 17.—R. L. Wooton, the deputy marshal who had a coat of mail made to protect himself from the bullets of moonshiners, has tested his armor. Wooton and four other officers were detailed to go to the top of a mountain to destroy a still. Wooton went on, the other officers remaining in the rear.

There is an open space surrounding the still, and seeing two of the moonshiners emerge from the door of the cabin, he called to them to surrender. They seized their rifles and poured a volley at Wooton which was kept up until their ammunition was exhausted. Wooton did not fire a shot, but when the firing ceased he advanced to the men and captured them without trouble.

Another Civil Service Decision.

CHICAGO, Sept. 17.—In the federal court Judge Jenkins sustained Postmaster Gordon in his removal of Superintendent Carr of the Englewood branch of the postoffice, known as station O, and dissolved the injunction secured by Carr. Judge Jenkins took a similar position to that of Judge Cox of the District of Columbia, in the Wood case, which was decided a day or two ago.

HUNTER IS IN A FIX.

A Co-Defendant Has Turned State's Evidence.

BRADLEY'S FOE MAY BE CONVICTED

Thomas Tanner Says the Kentucky Senatorial Aspirant Visited Noel Gaines' House to Arrange to Buy Votes—This Testimony Corroborated by Others.

FRANKFORT, Ky., Sept. 17.—The first day's trial of Dr. W. Godfrey Hunter and other defendants under joint indictment for alleged conspiracy in an attempt to bribe three legislators for \$6,000 each to vote for Hunter in the recent senatorial race developed a sensation.

The question has been whether Hunter visited Noel Gaines' house on the night of April 1, to arrange to buy Democratic votes. Other defendants have confessed they were there merely to see whether Gaines' stories were true. Gaines says he was trying to trap Hunter. Hunter will swear he was not there and never knew Gaines.

Thomas Tanner, a brother-in-law of Gaines and one of the defendants, has been dismissed and told in Hunter's presence, with the minutest detail, how, on the request of Dr. Hunter, he piloted the latter to Gaines' house and heard part of their conversation.

Gaines and his wife have before the grand jury told the same story and Tanner's story received corroboration of circumstantial evidence given by other witnesses.

WANTED BLISS FOR MAYOR.

Both Factions in New York Offered Him the Nomination.

WASHINGTON, Sept. 17.—The president has been very busily engaged at the white house with visitors. Among those who saw the president were Secretaries Sherman, Bliss, Alger, Assistant Secretary Day, Assistant Secretary Roosevelt and Senator Platt. It is learned from absolutely authoritative sources that the statements published to the effect that Senator Platt had urged Secretary Bliss to accept the regular Republican nomination for mayor of Greater New York and that President McKinley had added his appeal to that of the New York senator, are utterly without foundation. Secretary Bliss, it transpires, did not participate in the conference between the president and Senator Platt and other New Yorkers.

Some months ago Senator Platt urged upon Secretary Bliss the advisability of accepting the nomination. It is also learned that about that time the moving spirits of the Citizens' union made a practical tender of the nomination to Secretary Bliss. But he declined then to entertain the proposition of either the regulars or the independents. Had he yielded then it is probable that Seth Low would not have been nominated, and that now the Republicans and independents would present a solid front to Tammany.

NEW YELLOW FEVER CASES.

New Orleans People Think They Control the Epidemic.

NEW ORLEANS, Sept. 17.—Two more cases of yellow fever have developed here.

President Oliphant of the board of health and President Britton of the city council say that the chances of crushing the disease in its incipency have infinitely improved.

One patient has died at Biloxi, Miss., the only fatal one out of 23 cases.

There are two cases at Barkley, Miss. Five cases exist at Scranton, Miss.

There are no cases at Jackson, Miss., although the place is almost depopulated.

Rumored Biscuit Combination.

CHICAGO, Sept. 17.—Well defined rumors are current on LaSalle street to the effect that an end has been reached in the war of the biscuit companies and a plan of consolidation, embracing the New York Biscuit company, the American Biscuit company and the United States Biscuit company, agreed upon. These companies have a combined capital stock of \$30,000,000, and practically control the entire output of the United States.

Judge Day charged the grand jury when it assembled and after giving the details of the deplorable affair, cautioned the members of the jury to do their whole duty and if possible discover the names of the members of the mob.

THE STATE BANKERS.

New Officers Chosen by the Convention at Toledo.

TOLEDO, Sept. 17.—The seventh annual convention of the Ohio Bankers' association has closed. The newly elected officers are as follows:

President, C. P. Griffith, vice president and cashier of the Citizens' National bank of Cincinnati; vice president, William A. Graham of Sydney; secretary, S. B. Rankin of South Charleston; treasurer, H. C. Herbig of Coshocton.

A new executive committee consisting of the following was named: J. J. Sullivan, Cleveland; C. P. Hunsicker, Williamsport, and Mr. Denver, Chillicothe.

Banking was discussed in papers and Messrs. J. H. Malone, Akron; Park, Columbus; Rowe, Cincinnati; Spencer, Cleveland; Hard, Wooster, and Knisely, Toledo, were appointed a committee to devise ways and means for the establishment of a state clearing house.

Akron was decided upon as the place for holding the convention of next year.

ALMOST A TORNADO.

A Fierce Storm Swept the Northern Part of the State.

CLEVELAND, Sept. 17.—The storm which swept over Northern Ohio approached a tornado in intensity. At Sandusky roofs were blown off, plate glass windows demolished and numerous trees blown down. A yacht in the harbor was wrecked.

At Defiance considerable damage was done to buildings and crops, and the same report comes from Massillon. At Paulding several buildings on the county fair grounds were wrecked and panic ensued among the people. Thus far no loss of life or serious injury to persons is reported.

FIGHT IN PENITENTIARY.

Two Desperate Prisoners Got Away—A Guard Shot.

COLUMBUS, Sept. 17.—Three penitentiary prisoners appeared in the guardroom, and leveling revolvers at Captain Seebe, attempted to escape. A fight ensued.

Two of the prisoners, Botts and Clark, got away. Lincoln, the third prisoner, was held. Benj. James, sub-guard, was shot twice. Botts is from Lucas and Clark from Cuyahoga county.

THE ATTENDANCE INCREASED.

Brown and Harper Addressed the Silver Campmeeting.

SPRINGFIELD, O., Sept. 17.—The attendance has increased at the campmeeting being held under the auspices of the American Bimetallic League. After the speeches by Hon. A. A. Brown and Judge J. J. Harper the proceedings were interrupted by a storm. Arrangements are being made for many excursions tomorrow and Sunday and also for Monday, in the event that Mr. Bryan comes on Monday.

Bessemer Pig Advances.

CLEVELAND, Sept. 17.—During the present week there has been an advance of 50 cents a ton in Bessemer pigiron, making the price \$10 a ton. No big sales at that price are recorded, but the market is firm at the new quotation.

John A. Logan's Barn Burned.

YOUNGSTOWN, O., Sept. 17.—Fire has destroyed the large stock barn of John A. Logan, Jr. Eight finely bred horses and many elegant equipages were burned up. Loss estimated at \$75,000.

DEPUTY PROOF AGAINST BULLETS.

Clad in a Coat of Mail He Captures Moonshiners in Kentucky.

JACKSON, Ky., Sept. 17.—R. L. Wooton, the deputy marshal who had a coat of mail made to protect himself from the bullets of moonshiners, has tested his armor. Wooton and four other officers were detailed to go to the top of a mountain to destroy a still. Wooton went on, the other officers remaining in the rear.

There is an open space surrounding the still, and seeing two of the moonshiners emerge from the door of the cabin, he called to them to surrender. They seized their rifles and poured a volley at Wooton which was kept up until their ammunition was exhausted. Wooton did not fire a shot, but when the firing ceased he advanced to the men and captured them without trouble.

Another Civil Service Decision.

CHICAGO, Sept. 17.—In the federal court Judge Jenkins sustained Postmaster Gordon in his removal of Superintendent Carr of the Englewood branch of the postoffice, known as station O, and dissolved the injunction secured by Carr. Judge Jenkins took a similar position to that of Judge Cox of the District of Columbia, in the Wood case, which was decided a day or two ago.

HUNTER IS IN A FIX.

A Co-Defendant Has Turned State's Evidence.

BRADLEY'S FOE MAY BE CONVICTED.

Thomas Tanner Says the Kentucky Senatorial Aspirant Visited Noel Gaines' House to Arrange to Buy Votes—This Testimony Corroborated by Others.

FRANKFORT, Ky., Sept. 17.—The first day's trial of Dr. W. Godfrey Hunter and other defendants under joint indictment for alleged conspiracy in an attempt to bribe three legislators for \$6,000 each to vote for Hunter in the recent senatorial race developed a sensation.

The question has been whether Hunter visited Noel Gaines' house on the night of April 1, to arrange to buy Democratic votes. Other defendants have confessed they were there merely to see whether Gaines' stories were true. Gaines says he was trying to trap Hunter. Hunter will swear he was not there and never knew Gaines.

Thomas Tanner, a brother-in-law of Gaines and one of the defendants, has been dismissed and told in Hunter's presence, with the minutest detail, how, on the request of Dr. Hunter, he piloted the latter to Gaines' house and heard part of their conversation.

Gaines and his wife have before the grand jury told the same story and Tanner's story received corroboration of circumstantial evidence given by other witnesses.

WANTED BLISS FOR MAYOR.

Both Factions in New York Offered Him the Nomination.

WASHINGTON, Sept. 17.—The president has been very busily engaged at the white house with visitors. Among those who saw the president were Secretaries Sherman, Bliss, Alger, Assistant Secretary Day, Assistant Secretary Roosevelt and Senator Platt. It is learned from absolutely authoritative sources that the statements published to the effect that Senator Platt had urged Secretary Bliss to accept the regular Republican nomination for mayor of Greater New York and that President McKinley had added his appeal to that of the New York senator, are utterly without foundation. Secretary Bliss, it transpires, did not participate in the conference between the president and Senator Platt and other New Yorkers.

Some months ago Senator Platt urged upon Secretary Bliss the advisability of accepting the nomination. It is also learned that about that time the moving spirits of the Citizens' union made a practical tender of the nomination to Secretary Bliss. But he declined then to entertain the proposition of either the regulars or the independents. Had he yielded then it is probable that Seth Low would not have been nominated, and that now the Republicans and independents would present a solid front to Tammany.

FOLLOWERS OF FREMONT.

The National Association Holding a Reunion at Pittsburg.

PITTSBURG, Sept. 17.—The National Fremont association is holding a reunion in this city of the men who organized the Republican party.

Among those in attendance are: Colonel John Apeer, Laurence, Kan.; Captain W. Merriman and John J. Lowry, Beaver Falls, Pa.; John Sartain, Dr. S. B. Benedict, J. T. Byrnes and J. Fletcher Budd, Philadelphia; Bernard Thompson, Greensburg, Pa.; W. S. Waldron, Evans City, Pa.; Peter Berry and George T. Work, Washington.

A letter has been received from the widow of General Fremont, acknowledging an invitation. She was unable to accept.

NEW YELLOW FEVER CASES.

New Orleans People Think They Control the Epidemic.

NEW ORLEANS, Sept. 17.—Two more cases of yellow fever have developed here.

President Oliphant of the board of health and President Britton of the city council say that the chances of crushing the disease in its incipency have infinitely improved.

One patient has died at Biloxi, Miss., the only fatal one out of 23 cases.

There are two cases at Barkley, Miss.

Five cases exist at Scranton, Miss.

There are no cases at Jackson, Miss., although the place is almost depopulated.

Rumored Biscuit Combination.

CHICAGO, Sept. 17.—Well defined rumors are current on LaSalle street to the effect that an end has been reached in the war of the biscuit companies and a plan of consolidation, embracing the New York Biscuit company, the American Biscuit company and the United States Biscuit company, agreed upon. These companies have a combined capital stock of \$20,000,000, and practically control the entire output of the United States.

ACTION REGARDING SILVER.

The Bank of England's Proposed Arrangement For Free Coinage.

LONDON, Sept. 17.—At the semi-annual meeting of the Bank of England the governor, Hugh C. Smith, said:

"You are probably aware of the proposals laid before the government in the summer by the United States and France, whereby this country might increase its use of silver as a contribution to an international agreement which, while not affecting our gold standard, might enable the mints of France and America to resume free coinage. Among the proposals was one asking the bank to hold the amount of silver permissible under the act of 1844 as against its notes."

The governor then read a letter dated July 29, addressed to the chancellor of the exchequer, Sir Michael Hicks-Beach. It was as follows:

"Referring to our conversation, we beg to say the bank is prepared to carry out what is laid down as permissible in the bank charter, viz.: to hold one-fifth of the bullion held against its note issue in silver, provided always, that the French mint is again open to the free coinage of silver, and that the price at which silver is procurable and saleable are satisfactory."

Replying to the questions, the governor said the bank had no negotiations with the United States monetary commissioners, adding:

"We have bought no silver. All we have done is to agree, under certain circumstances, to carry out what is permissible under the act of 1844."

WOLCOTT IS HOPEFUL.

He Writes an Encouraging Letter to Assistant Postmaster General Heath.

WASHINGTON, Sept. 17.—First Assistant Postmaster General Heath has received a letter from Senator Wolcott, in which the senator, who is at the head of the international monetary commission, speaks very encouragingly of the outlook for securing an international understanding in behalf of silver.

He refers to the decline in silver, which, he says, is being used everywhere in opposition to the efforts of the commission, but expresses the opinion that notwithstanding this adverse influence an international agreement will be secured. Senator Wolcott states that he will be in London by Oct. 1 and that he will reach Washington before the convening of congress in December.

ST. LOUIS, Sept. 17.—Wabash passenger train No. 15 and a freight train came together in a head end collision at a switch in Keytesville, Mo. William Gaines, postal clerk, of St. Louis, and W. B. CONVICTED THE CROWD

Mayor Gilbert Compelled Bad Boys to Pay.

LOCKED UP FOR A TIME

But They Arranged to Liquidate the Claims Against Their Names, and the Incident Is Closed—Must Not Congregate and Swear.

Frank Usler, Hal Surles and Garfield Adams yesterday afternoon were taken before Mayor Gilbert charged with disorderly conduct.

Officer Terrence was the first witness, and testified that on Tuesday evening he had received a telephone call to the corner of Fourth and Washington streets. He passed the defendants, but did not hear them say anything. But a crowd of boys were making a great deal of noise, and he saw three jump from a street car. One boy named Moore he caught, but the other two escaped. He stated that complaints were received every night about the boys loitering around the corner, and as near as he could tell he had been called 12 times in the last two weeks to settle them.

G. C. Mayhew stated that he had seen the boys that night, and they were sitting on his steps making considerable noise and using profane language. In answer to a question of the mayor, he said that Adams and a boy who had not yet been arrested were the ones who were doing the most swearing.

Frank Green, one of the boys who pleaded guilty, said: "These boys were sitting on the steps and I was on the pavement. The boys in the street were doing the yelling. We had been cutting up a while before that. There was a good bit of swearing going on. We can all do our share of swearing."

The mayor asked him if he knew anything about a watermelon that had been stolen Saturday night, and dismissed him with the remark that he thought all the boys had not been angels.

This closed the testimony, and the mayor said: "I will have to fine you all, as you will not stop until I do. You are all as bad as Green, and he had sense enough to plead guilty. The evidence shows you are all guilty, and I will fine you \$1 each and divide the costs making a total of \$6.75."

The boys did not say a word for some time, and then Usler asked if they were going to pay the fines or shovel snow. Chief Johnson put an end to the levity by locking the boys in the jail, but they were released shortly after 6 o'clock by friends arranging for the payment of their fines.

A complete list of the boys who were raising the disturbance at the corner has been secured, and they will be arrested and made to suffer. This seems to be the only way to break up the gang, and the mayor and police are determined the noise shall cease. A number of boys who reside in that vicinity are implicated.

WELLSVILLE.

GOT A VERY BAD MAN

A Pennsylvania Detective Made an Important Capture.

QUICKLY TAKEN OUT OF TOWN

Danger if the River Continues to Fall. Found a Lot of Honey—Board of Trade Is Active—A Case of Scarlet Fever—All the News of Wellsville.

A stranger appeared in the city a few days ago and seemed to make his living selling silver polish. Soon after another stranger appeared, and late yesterday afternoon the first was arrested by the second at Third and Front streets. Then it became known that the peddler was suspected of having committed a murder on a freight train near Beaver Falls, and the other man was a detective in the employ of the railroad company. The prisoner was taken away on the afternoon train.

That Contract.

Much is being said about the heating of the West End school. King & Todd and Edward Whitacre bid on hot water with a radiation of 1080 feet, and William Wooster bid on a radiation of 1300 feet. The other bidders say their bids were \$24 cheaper than Wooster's, although he was awarded the contract.

Burned His Mustache.

James Stevenson lost the greater part of his mustache in an explosion yesterday. He was fixing a gasoline iron and had ignited the leak and was attempting to blow it out when it exploded. There was a big blaze, and all ran from the shop except Mr. Stevenson who put out the flames.

Found a Defect.

Some time ago the roof of the city building sprung a leak, and the other day while workmen were repairing it a crevice were discovered between the roof and the front and back walls. Either the walls are out of plumb or the roof has shrunk.

The Board Is Active.

GOT A VERY BAD MAN

A Pennsylvania Detective Made an Important Capture.

QUICKLY TAKEN OUT OF TOWN

Danger if the River Continues to Fall. Found a Lot of Honey—Board of Trade Is Active—A Case of Scarlet Fever—All the News of Wellsville.

A stranger appeared in the city a few days ago and seemed to make his living selling silver polish. Soon after another stranger appeared, and late yesterday afternoon the first was arrested by the second at Third and Front streets. Then it became known that the peddler was suspected of having committed a murder on a freight train near Beaver Falls, and the other man was a detective in the employ of the railroad company. The prisoner was taken away on the afternoon train.

That Contract.

Much is being said about the heating of the West End school. King & Todd and Edward Whitacre bid on hot water with a radiation of 1080 feet, and William Wooster bid on a radiation of 1300 feet. The other bidders say their bids were \$24 cheaper than Wooster's, although he was awarded the contract.

Burned His Mustache.

James Stevenson lost the greater part of his mustache in an explosion yesterday. He was fixing a gasoline iron and had ignited the leak and was attempting to blow it out when it exploded. There was a big blaze, and all ran from the shop except Mr. Stevenson who put out the flames.

THE whole country will respect In-
 diana if it punishes the Versailles
 lynchers.

EVEN Kansas is realizing that pros-
 perity is the outgrowth of common sense
 and not the result of demagoguery.

IT seems as though the courts will
 have something to say about the removal
 of officeholders under the present admin-
 istration.

THE continued decrease in crockery
 importations as compared with last year,
 is the best possible indication that the
 potteries of this country are to have all
 they can do for months to come.

IMPROVEMENT in business has become
 so general that the railroads are gradu-
 ally going from under the protecting
 care of the courts and looking after their
 own business. No better evidence of
 good times could be desired.

WHILE there is little doubt of Repub-
 lican victory next fall, the party leaders
 should not grow over confident. Much
 work must be done between the present
 and election day to counteract the highly
 colored tales of Friend O'Myers and his
 chosen few.

THERE is certainly some law under
 which a saloonkeeper who sells liquor
 to children can be punished. That it
 should be enforced until the practice is
 effectually stamped out not even the
 friends of liquor will deny. Nothing
 more degrading and demoralizing can
 find a lodgement in any community.

A CAMPAIGN of vituperation and abuse
 will gain the Democrats nothing. They
 should profit by experience, for they
 have tried the same plan again and again
 with always the same result, and there
 is no reason to believe that questionable
 methods will this year bring them
 victory.

THE BOOM IS ON.
 Columbiana county has just cause for
 congratulation. It can hold high its
 head with the proud consciousness that
 the prosperity for which it waited and
 voted has come with even greater
 energy than it expected. All branches
 of trade are reviving, and in a com-
 munity where industry is so diversified
 the people are compelled to acknowledge
 the influence of better times. Liverpool
 with its potteries has all that it can do,
 while East Palestine is rushed with
 orders. The tin mill at Lisbon and the
 iron works of Leetonia were never more
 prosperous, and the end of the coal strike
 will put several thousand men at work
 before the end of the week. Wellsville
 has no serious cause for complaint, and
 Salem's factories are in operation, while
 the farmers have abundant crops which
 they are selling at good prices, and
 the market value of wool has increased
 so that the raising of sheep is again
 profitable. Add to all these the improve-
 ments in contemplation, and it can be
 readily seen that Columbiana is near
 the head of the long list. Four new
 potteries for Liverpool, one for Salem,
 Wellsville endeavoring to secure addi-
 tional industries, and an electric road
 across the county are sufficient to show
 that the future is well worth confidence.

It's no use, late buyers had to pay more for their stock
 of clothing. Everybody knew last season's prices were
 panic prices. Mills and manufacturers had to ad-

 woollens took an upward jump. We can safely say now
 an advance in the price of clothing from 5 to 25 per
 cent. and many cases 30 per cent. In placing our or-

DEPENDS ON FINANCES

Whether We Are to Have Music In the Schools.

THE COMMITTEE WILL REPORT

That It Has Been Conferring With Professor Harper, and He Can Devote All His Time During School Hours to the Task—The Schedule.

The board of education at their meeting, this evening, will be called upon to act upon a report of the music committee.

The committee at the last meeting submitted a proposition to Professor Harper to teach music in every room, and to devote his entire time during school hours to the schools. The terms were not as high as his proposition to the board of education, but he decided to accept the offer, and the committee will recommend it to the board, but it is hardly probable any definite arrangements will be made until the state of finances is thoroughly investigated.

Professor Harper has commenced work on a time table, and as there are 49 school rooms in the city each room cannot be given more than 30 minutes each week. If the plan is adopted the music will consist of the rudiments of music and selections from operas, and will be furnished the pupils free, but will cost the board between \$40 and \$50.

The plan is a very popular one with the parents of school children, and if there is enough money to carry it through the report of the committee will be adopted and the contract entered into.

A. McCracken, manager of the Geneva college football eleven, has written asking for a game with the Monarchs for Sept. 25. He is not particular where it is played, and an endeavor will be made to have the date changed to the 24th, and played at West End park.

A letter received this morning from Fred Booth, of Bethany, says he would like to play football here, and if a position is found him he will come at once.

A LIVERPOOL CASE

Is Occupying the Attention of the Court Today.

LISBON, Sept. 17.—[Special]—The case of William Tucker against Philip Morley, of Liverpool, was called in court this morning, and will be on throughout the day. Tucker wants \$5,000 for injured reputation. A year ago Morley had him arrested, charging him with maliciously injuring certain buildings and trees belonging to the East Liverpool Ice company. He was confined in jail for two days before he could secure his release. When the case went to the grand jury no indictment was found, and Tucker was discharged. He claims that his health and reputation suffered by reason of his incarceration. The case will reach the jury tonight.

ABUSED THE OFFICERS.

A Crowd Objected to the Arrest of a Man For Train Jumping.

Constable Thorne and Railroad Policeman Shiffer this morning arrested Charles Hayden in this city on a charge of train jumping, and he was taken to Wellsville.

The prisoner was handcuffed, and when the party arrived in Sixth street a large crowd congregated and hurled all kinds of pet names at the officers, and for a short time it looked as though they would be compelled to release their man. The appearance of a street car put an end to the trouble.

The Secretary Is Better.

J. T. Roberts this morning received the first letter Secretary Charles has been able to write since he was taken ill many weeks ago. He states that he was able to sit up yesterday for the first time, and is very anxious to improve so that he may go home.

THE BAUM FAILURE

Would Have Been Prevented If Merchants Had Known of It.

A prominent business man of Wellsville is responsible for the statement that James Baum will wind up his affairs without a penny on which to begin anew. He also said that Mr. Baum would not have been compelled to make an assignment had he allowed his financial condition to become known. His friends would have come to his rescue.

ESCAPED IN THE NIGHT

While the House Was Being Consumed by Fire.

NO CAUSE IS ASSIGNED

The Residence of Mrs. Mary Lawrence Burned to the Ground, the Inmates Leaving Not a Moment Too Soon, Covered by Insurance.

Friends in the city were notified today that the residence of Mrs. Mary Lawrence, near Georgetown, had been destroyed by fire, the owner and her daughter, Mrs. E. W. Crosse, escaping not a moment too soon.

The ladies retired as usual, and it was after midnight when they were awakened to find the house in flames. With difficulty they succeeded in escaping from the building in their night clothes, but the fire had made such progress that any efforts they might have made would have availed nothing toward saving it. The house and its entire contents were destroyed.

The origin of the fire is a mystery, the ladies being unable to assign any cause. It was insured for its full value, \$2,500. Mrs. Lawrence and Mrs. Crosse are well known in this city, where they have a number of relatives.

AN AUTOPSY

Showed the Cause of the Death of John Thompson.

Doctor Hobbs and Doctor Elliott, of this city, and Doctor Leamon, of Calcutta, went to the residence of the late John Thompson near Calcutta, and held an autopsy this morning which disclosed the cause of his death.

They found that death was caused by perinephritic and pelvic abscess ending in septicemia.

The funeral took place this afternoon, interment being made in the cemetery at Calcutta. A large number of friends were in attendance.

Will Commence at Once.

"The extension of the street car line from the East End loop to Columbia park will be commenced as soon as the work of improving the tracks is completed," said Manager Hoefgen today. "We have any amount of improvements in view, and the sooner we are able to get a start on them the better."

Seized an Outfit.

Constable Lyon this morning seized a horse, wagon and harness, and now has them for sale. The property was taken to satisfy a chattel mortgage for \$25 held by James Taylor against William Black. There is some doubt whether the outfit will bring the required amount.

Cut to the Bone.

Clarence Highfield, a mould runner at the Standard pottery, last evening met with a painful accident. He was cleaning out the head of a big jigger when the first finger of his right hand was caught and cut clear to the bone. The accident will keep him from work for several days.

QUAKERS ARE CONSERVATIVE

But It Is Believed That They Will Raise
the Required Bonus, and the Pottery
Will Be In Operation the First of Next
Year—The People Are Interested.

SALEM, Sept. 17—[Special]—The announcement that Salem can have a pottery if it succeeds in raising a bonus of \$20,000 has aroused the conservative Quakers of this town, and the meeting tonight promises to be an enthusiastic gathering of the city's most enterprising people.

It is proposed to organize a land company, and secure the bonus through the sale of lots. This is looked upon not only as the best method, but if the money can be collected at all it can be collected in a hurry. It is the intention of the promoters of the plan to have the work of construction started early in October and the pottery in operation the first of the year.

The plant is to consist of five kilns and four decorating kilns. All buildings more than one story are to be covered with slate roof. The plant is to employ 125 hands, and have a monthly payroll of \$4,700.

On the River.

The river remains stationary and the marks register the same as yesterday, 15 inches. The rain of yesterday, while not heavy in this vicinity, was more extensive farther up the Ohio, but not sufficient water fell to cause a swell.

The specifications prepared by Maj. W. H. Huer for the building of the upper Ohio dams have been approved by the secretary of war. The improvements will cost nearly \$2,000,000.

Saturday and Monday.

MAHONING PRESBYTERY

Held a Decidedly Interesting Session This Week.

CLARKSON, Sept. 17—An interesting session of Mahoning presbytery has just closed here. Doctor Evans was chosen moderator and Rev. I. Ravenaugh was made clerk. Excellent addresses were made Monday evening as follows: "The Church Member," Rev. Wm. Dickson; "The Eldership," Rev. B. F. Boyle; "The Pastor," Rev. H. C. Ferguson; "The Trustees," W. G. White.

After devotional exercises Tuesday morning by Doctor Evans, the presbytery and a large congregation heard Doctor Dickey, retiring moderator, preach an excellent sermon, and Rev. Dr. Bigger spoke on synodical home missions.

An appetizing dinner was served in the most commodious hall in the village, and when presbytery convened in the afternoon Francis Closkey was examined and preached his trial sermon. In the evening "The Place and Power of Prayer" was ably handled by Dr. R. B. Long and Rev. R. E. Porter, and "Church Support" by Doctor Evans, Rev. W. L. Swan and Rev. J. P. Anderson.

This is the first time in 30 years that Clarkson has entertained presbytery, and the ministers and laymen agreed they had been entertained very well.

Mrs. N. J. Lyon and son, Walter, of New Waterford, were the guests of friends here.

Will Huston, who has been very ill because of an attack of fever, is improving.

Miss Mamie Souders, of Liverpool, who has been visiting friends here for some time, is not as well as when she came, and she will be taken home.

A large number of people from this section attended the Lisbon fair.

Mrs. Beatty, of Negley, is the guest of Mrs. John Lyons.

Population Is Increasing.

The household effects of John Rupprecht, of Pittsburg, arrived in the city at noon today. This makes five families that have moved into the city during the week, while but two have moved out.

SOME FAMILY QUARRELS

Find Their Way Into the Squires' Courts.

ARRESTED TWO FOR ASSAULT

An East End Case Will Be Heard by Justice Hill Tomorrow Morning—Boys Who Play Cards at Jethro Spring Must Stop the Practice.

East End seems to be a great place for family feuds, and tomorrow morning one will be aired in the court of Squire E. W. Hill.

Late yesterday afternoon S. N. Dobbs appeared at the office of the justice and swore out a warrant for assault and battery against Mr. and Mrs. John Young, whom, he said, thrashed his wife Tuesday afternoon.

Constable Lyon arrested the parties, and they were released on their own recognizance. The stories told by the different parties are conflicting, and the testimony tomorrow bids fair to be interesting, as the fight was nothing more than a family squabble.

Mrs. Knapp last evening called at the office of Squire Hill and stated that she couldn't get along with one of her neighbors, and wanted to know if she could not have her arrested. The principal ground for the complaint was that every time the woman got angry she would tell Mrs. Knapp that she was out-lawed and could not get justice in any court in the city. The squire told her he could see nothing in that, and advised Mrs. Knapp to move out of the neighborhood, but she said this would be impossible as her boat was beached.

Andrew Reed called at the office of the mayor yesterday afternoon, and complained about a number of young men who make a practice of loafing near the Jethro spring and playing cards. He was advised by the mayor to obtain the names of the parties, and then have them arrested if they continued the practice.

For Forceful Detention.

Irwin Bruin has commenced a forcible detention action in the court of Squire Hill against Lewis N. Hulton. The property in question is a shantyboat, and the case will be aired Monday morning.

SOME FAMILY QUARRELS

Find Their Way Into the Squires' Courts.

ARRESTED TWO FOR ASSAULT

An East End Case Will Be Heard by Justice Hill Tomorrow Morning—Boys Who Play Cards at Jethro Spring Must Stop the Practice.

East End seems to be a great place for family feuds, and tomorrow morning one will be aired in the court of Squire E. W. Hill.

Late yesterday afternoon S. N. Dobbs appeared at the office of the justice and swore out a warrant for assault and battery against Mr. and Mrs. John Young, whom, he said, thrashed his wife Tuesday afternoon.

Constable Lyon arrested the parties, and they were released on their own recognizance. The stories told by the different parties are conflicting, and the testimony tomorrow bids fair to be interesting, as the fight was nothing more than a family squabble.

Mrs. Knapp last evening called at the office of Squire Hill and stated that she couldn't get along with one of her neighbors, and wanted to know if she could not have her arrested. The principal ground for the complaint was that every time the woman got angry she would tell Mrs. Knapp that she was outlawed and could not get justice in any court in the city. The squire told her he could see nothing in that, and advised Mrs. Knapp to move out of the neighborhood, but she said this would be impossible as her boat was beached.

Andrew Reed called at the office of the mayor yesterday afternoon, and complained about a number of young men who make a practice of loafing near the Jethro spring and playing cards. He was advised by the mayor to obtain the names of the parties, and then have them arrested if they continued the practice.

For Forcible Detention.

Irwin Bruin has commenced a forcible detention action in the court of Squire Hill against Lewis N. Hulton. The property in question is a shantyboat, and the case will be aired Monday morning.

REMENYI

"Wasn't a Bit Scared."

A schoolboy, obliged to write a composition, chose for his subject a concert that had recently delighted the people of his town. Following is the result of the lad's effort, and some of his comparisons may be brought to mind if Remenyi is engaged to visit this city:

LOCAL BREVITIES.

Business is very slow at the office of the township trustees.

Miss Maggie Wilson last evening entertained friends at her home in Fifth street.

The trustees of the First Presbyterian church last evening held a business meeting.

Miss Edith Garen entertained a number of her friends at her home in Seventh street last evening.

The health of the city is very good at present, and the physicians are complaining of a lack of business.

The board of education will meet this evening and pay bills. The committee on rules will make their report.

C. M. McKeehan will return from Clarksburg tomorrow evening. He has been visiting in that city for two weeks.

Manager Swaney, of the telephone company, drove to McDonald, Pa., this morning in search of a break in the line.

Dr. and Mrs. John Lloyd Lee will this evening entertain the officers of the First Presbyterian church and their wives.

The new crossing at the Horn switch has been completed, and the section crew are raising the track along Eighth street.

At the special meeting of council this evening the street committee will recommend the acceptance of the Walter Hill plan of lots.

Council will hold a special meeting this evening. Business left over from the meeting of Wednesday evening will be attended to.

Charles Croft left this morning to visit his parents in Bethany, W. Va. When he returns he will embark in the grocery business.

The wheelmen who yesterday rode to the Lisbon fair, arrived this morning by train, as the roads were too muddy for bicycle riding.

The storm yesterday afternoon did very little damage in the city beyond destroying a large number of lithograph stands put up by the circus posters.

F. H. Croxall was showing his friends some monster apples today. They were blown from the trees on his place in Helanna by the high wind yesterday afternoon.

Colonel Geiger, route agent of the Adams Express company, passed over the Cleveland and Pittsburg line this morning. His headquarters are in Alliance.

Reverend Holmes, president of Beaver college and who preached in the First M. E. church early in the summer, passed through the city this morning on his way to Cleveland.

The work of paving Cook street will not be commenced until next week! This is caused by the non-arrival of the curbing ordered some time ago. The grading is about finished, and the balance of the order of brick will be here by Monday.

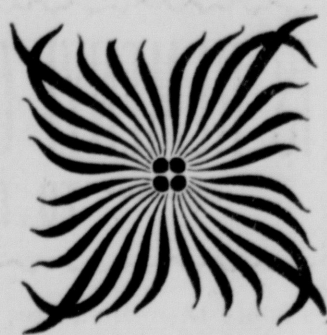

Winnie Mercer yesterday lost his game to Brooklyn by a score of 5 to 4. The Brooklyn team made 13 hits off of his delivery, but only earned one run, and should have been defeated. The individual record of Mercer was one run, one hit, one error, one stolen base, five strikeouts and three bases on balls.

The report circulated last evening to the effect that Officer Robert Finley had resigned his position as first lieutenant of Company E is without foundation. Captain Hill was seen today and said that he had not been notified of anything of the kind, and doubted much if Finley thought of doing so. In some cases it is unlawful for an officer of the Guard to hold a civil office, but it is thought that this will not apply to Finley's case.
